Lifeline AED

- **Durable and Ready:** Designed for the high intensity demands of law enforcement, our AEDs are robust and reliable, ready for use in any situation.
- **Extensive Warranty:** Lifeline AEDs are backed by an 8-year warranty, and feature a long battery life for reduced maintenance.
- **Grab & Go:** Engineered for quick deployment with its sure-grip rubberized handle, the Lifeline AED can be swiftly accessed and used in emergencies.
- **Easy for All:** A calm voice guides the responder through a rescue.

Lifeline VIEW AED

- **Full Motion Video Guidance:** The Lifeline VIEW features a full-color video display that provides step-by-step instructions for both pad placement and CPR, ensuring anyone can use the device.
- **Simplified Maintenance:** A status screen shows up to the minute information on maintenance if it's required. Proactive reporting monitors the status of the device and its components, providing confidence that the AED is rescue-ready.
- **Space-Efficient:** Compact design allows it to fit easily in vehicle setups.
- **Rugged:** The rubberized edges of the AED make it a durable choice for officers in the field.

Choose Defibtech, where advanced technology meets practical application, with your budget in mind. Equip your fleet with a Lifeline, because every second and every dollar counts.
